* 20 Mbps plans not available to all customers or in all areas. Speeds based on Telstra tests. Actual speeds may be less due to a number of factors including network configuration, line quality and length, exchange type, customer premises interference, traffic and equipment. About 70% of customers on the 8Mbps plan can access speeds around 6 Mbps or more. About 50% of customers on the 20 Mbps plan can access speeds around 10 Mbps.

^ Speed will be slowed to 64 kbps after customers reach their monthly usage allowance. No additional usage charges apply to BigPond Liberty plans.
